WORLD'S BEST HOTELS

Each year, *Travel + Leisure* asks readers to vote on their favorite hotels around the globe. What makes this, our ninth annual compendium of the top-ranked hotels from the World's Best Awards survey, stand out? Almost half of the winners are located in the U.S. and Canada, and another 20 percent are in Europe. Meanwhile, some of the most iconic destinations—California, Florida, Italy, France, and China—have 135 properties among them, and 62 hotels offer rates of less than \$250 a night. Also at your fingertips: our picks of the best farm-to-table restaurants, pools, tech amenities, and more. Plus, you'll find extended listings at TravelandLeisure.com, and—drumroll, please—the T+L 500 iPad edition, complete with interactive bonus features, will be on the App Store in January. So you can pinpoint your next hotel even if you're on the road.
